

ADVANCED PRO PLUS SERIES SUSPENSION SYSTEM (2-way & 3-way suspension with inverted shock insert)

[APPLICATION] - Nov. 16, 2018

- A/U: Aluminum Upper Mount w/out pillow ball
- P/U: Aluminum Pillow Ball Upper Mount (* with camber plate)
- S/U: Steel Pillow Ball Upper Mount (* with camber plate)
- S/U(#): Steel Upper Mount w/out pillow ball
- OEM: Stock Upper Mount
- R/U: Rubber Upper Mount
- 3D: Camber + Caster upper mount

- ▲ : standard strut design
- : rear sustech upside-down strut design
- ★ : inverted strut design (shock body construction with an outer sleeve)

* For [Circuit Race](#) Type suspension, 3D Upper Mounts (camber+caster) are optional.
 * For [Gravel Rally](#) Type suspension, Rubber Upper Mounts are optional.

REMARKS:

- All applications listed here are only available for 2wd model unless specified otherwise in the listing.
- For MacPherson strut type suspension under Circuit Race version, the standard upper mount equipped with the kit is pillow ball upper mounts (where applicable), and 3D upper mounts which enable you to adjust CASTER and CAMBER are OPTIONAL; however, 3D upper mounts are not available for all car models, please check the product availability with us before placing an order to make sure the item you would like to order is available.
- For Double A-Arm strut type suspension under Circuit Race version, either pillow ball upper mount (without camber plate) or aluminum upper mount is available. Our customers can select what they need at their decision. The standard setup is aluminum upper mount if customers do not specify when placing an order with us.
- For some Gravel Rally race regulations, we also offer R/U (hardened rubber upper mount) for the MacPherson strut type suspension for customers to choose from, please let us know when placing an order with us if you are looking to change the pillow ball upper mount (P/U) to hardened rubber upper mount (R/U). The standard setup is pillowball upper mount (P/U) for MacPherson strut type suspension if customers do not specify when placing an order with us.

- The symbol "®" means this kit is supplied with a pair of remote adjuster cables.
